## I Remember My Baptism

At your Baptism you joined God's family. You received sanctifying grace and were freed from Original Sin. If you were older, you were also cleansed of any personal sins.

Ask your family to tell you about your Baptism. Who was there? What did you wear? How did your parents choose your baptismal name? How did you react to the holy water?

**Draw a scene from the day of your Baptism on the left. On the right, draw something that symbolizes what happened to your soul because of sanctifying grace at your Baptism.**
