

Name _____

Packing for My Vocation Journey

You have many ways to serve God, now and later as an adult. Baptized men can serve God through the Sacrament of Holy Orders. Men and women can serve God through Matrimony or by professing religious vows. No matter what you choose, God is calling you to live a holy life, filled with adventure! What qualities will you bring on this adventure?

Pack the bag with important traits you already have, as well as those you want to work on for whatever vocation you choose. Write these traits in the suitcase. Then decide which trait you think is most important. Write why you think that a priest, a religious sister or brother, or a married person would need this trait.
